Motorola H17txt with MotoSpeak Fact Sheet

Drive Responsibly: Stay connected and responsible on and off the road

Keep your hands on the wheel and eyes on the road with Motorola H17txt with *MotoSpeak*™, a new Bluetooth headset that is designed to optimize text-to-speech technology. By downloading the *MotoSpeak*™ application on your cell phone* all your texts can be read over Bluetooth® [1] letting you stay connected in a more responsible way.

Stay Connected

Go completely hands-free without worrying about missing a word. Text messages will automatically be played over your H17txt with *MotoSpeak*™ every time your headset is activated. Or automatically send a text message to callers informing them that you are driving and will call or text at a better time. Even 150 acronyms such as lol, btw and l8r are translated when the text message is read aloud, so you will never miss a beat in your conversation.

Be In The Know

Know who in your phonebook is texting you without lifting a finger with incoming text sender ID announcements delivered to your headset. When paired with any Bluetooth® [1] compatible phone, such as DROID by Motorola, H17txt with *MotoSpeak*™ allows for turn-by-turn directions to be heard only by the driver, not everyone else in the car.

All Comfortable, All Powerful

Motorola's H17txt with *MotoSpeak*™ allows you to customize your wearing style with multiple earhooks and gels, so you can either have it rest gently against your ear or in your ear, so you're always comfortable no matter how long your call lasts. Get five hours of talk time from a single charge, and if you are running short on time, get two and a half hours of talk time from a 15-minute charge.

Easy Listening

With CrystalTalk™ technology you can hear and be heard even in the noisiest environments. The voice prompts on H17txt with *MotoSpeak*™ will walk you through the step-by-step process to pair your headset, inform you when the mute is on or off, and even tell you if the battery is low, among other voice prompts. Plus, there's no need to separate business with pleasure. Connect and receive calls from both your work and personal Bluetooth® [1] enabled devices simultaneously.

Motorola H17txt with *MotoSpeak*™	
Talk Time	Up to 5 hours
Standby Time	Up to 7 days
Bluetooth® [1] Version	Bluetooth® [1] V.2.1 w/EDR

Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or their network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality and other product specifications are based upon the latest available information and are believed to be accurate; however such product specifications are subject to change without notice or obligation.

[1] This device supports Bluetooth A2DP, HSP, HFP profiles. In order for Bluetooth devices to communicate with one another, they must utilize the same Bluetooth profile. To determine the profiles supported by other Motorola devices, visit www.motorola.com/bluetooth. For other devices, contact their respective manufacturer.

Certain Bluetooth features including those listed may not be supported by all compatible Bluetooth-enabled devices, and/or the functionality of such features may be limited in certain devices, or by certain wireless carriers. Contact your wireless carrier about feature availability and functionality.

[2]All talk and standby times are quoted in Digital Mode, and are approximate. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data and other application usage patterns.

*Application is compatible with Android and Rim (version 4.5 or higher) devices

The use of wireless devices and their accessories while driving may cause distraction. Discontinue use of the device if you can't concentrate on driving. Additionally, the use of wireless devices and their accessories may be prohibited or restricted in certain areas. Always obey the laws and regulations on the use of these products.
